

HISTORY

The history of IISER Mohali Library started along with history the institute in 2007 to meet the academic and research information needs of the user community. It provides a conducive environment for intellectual enquiry by providing user-focused services to obtain and evaluate scholarly information and knowledge. The library was started in single medium sized hall with around 500 books on 13th Aug 2007 at Institute transit campus, MGSIPA building in Sector26, Chandigarh. On 1st May 2011, it was shifted to transit Building located in Institutes own campus Sector 81, Mohali . Finally the library has taken its own (present) place in Informatics Centre from 1st January 2015 with theme LEARNING COMMONS. Situated in the Informatics Centre, IISER Mohali library epitomizes the spirit of the institute, i.e., the pursuit of knowledge. The library is a space for creative and innovative exchange of scholarly information and also a place for peaceful learning and collective voice reading. The library houses electronic and print versions of books (general, text, and reference books), journals, databases from various fields of study, namely, Mathematics, Physics, Chemistry, Biology, Computer Science, Earth/Environmental Sciences and Humanities and Social Sciences.

The library provides unfailing access to essential and specialized library resources which aid teaching, learning, and research activities. In tune with the recent advancement in the field of Information and Communication Technology (ICT), IISER Mohali has set up a library with state of the art technology and world class infrastructure.

The library space of IISER Mohali is applauded not only for its aesthetic ambience but also for its astonishing infrastructure. This exemplary building implements the theme “Learning Commons” with the mission to provide effective, informal, and efficient use of the library resources. The user friendly space of the library helps the users to be creative and collaborative with their peers, and such an atmosphere inspires students to be industrious and efficacious. IISER Mohali is proud to introduce the first library in India to implement the theme, “Learning Commons.”

Readers are allowed with Personal Books, Library Issued Books, and Laptops in library for peaceful reading and effective learning

LIBRARY RESOURCES

Cautions on using Online Resources:

The Library subscribes to high impact factor online journals and databases which contain full text articles by renowned publishers. The library is also a member of the e-Shodsindhu Consortium, IISER Library Consortium and UGC-Infonet consortium through which access is provided to many e-journals. Since access is IP based, readers can access to these

e-resources using the campus wide network. However users advised against the following which causes blocking access to entire Community.

Downloading or printing a complete book, an entire issue or a volume of one or more journals (called systematic downloading)

Use of robots, spiders or intelligent agents to access, search and/or systematically download from these resources

Please be aware that systematic downloading will result in the publisher's blocking of access to the entire community.

The Library takes the requirement of new Journals from Faculty in the month of October /November on-line in prescribed Performa. Already subscribed journals will be renewed only after checking the usage statistics. List of both new and old journals

with usage and price will be submitted to Library Committee with remarks of library if needed after checking duplicates available in library for consideration and recommendation.

- Students/Research Scholars may also recommend the Journal/ database for subscription provided their recommendation is endorsed by their Faculty advisor / Head of the Department (HOD)/ Convener, Library Committee.

- The indents with recommendations of the LC will be submitted to the Director for approval to place subscription order.

IISER Mohali library strictly follows 'Zero' vendor policy in subscription of Journals / databases. It directly deals only with Publisher or Exclusive Agency of publisher in India. IISER Mohali library is the core member of IISER Consortium, INDEST-AICTE Consortium (not exists now), e-Shodsindhu (MHRD Project , hosted at INFLINBET, Gandhinagar). Through these consortia, the library subscribes the package of journals from various publishers on discounted rates. As a core member of e-Shodsindhu , the IISER Mohali is getting some core resources on free of cost (e-Shodsindhu is paying on behalf of IISER Mohali).

Open Access Resources

National Digital Library : National Digital Library (NDL) is project undertaken by IIT Khargpur which is funded by MHRD, Govt of India. In this Project Educational materials ranging from primary to post-graduate levels are available. It is Repository of contents from multiple subject domains like Technology, Science, Humanities, Agriculture and others. More than 15 types of learning resources and Items in more than 10 languages are available .Repository integrates contents from different Indian Institutional Repositories such as:

NPTEL : MHRD sponsored project that hosts 10,000+ video lectures in engineering domain.

DLI :More than 5,00,000 global classical books

Inflibnet :Hosts 38,000+ thesis and synopsis reports authored by Indian Researchers from different institutes

KrishiKosh : More than 50,000 agricultural books, journals, articles and reports

NCERT : Hindi and English books of different subjects for students from primary to 12th standard

SNLTR : Digitization of literary works by Rabindranath Tagore

And so on. Library members are already registered with Institute email id . However one has to login once to confirm the same.

NPTEL

The National Programme on Technology Enhanced Learning (NPTEL) is an initiative by seven Indian Institutes of Technology (IIT Bombay, Delhi, Guwahati, Kanpur, Kharagpur, Madras and Roorkee) and Indian Institute of Science (IISc) for creating course contents in engineering, science, humanities and social science.. NPTEL provides E-learning through online Web and Video courses. The mission of NPTEL is to enhance the quality of engineering education in the country by providing free online courseware. Over 250 courses are already available for viewing and 1000+ courses are being planned. To access these videos please [click here](#)

E-Print Archives

arXiv

E-Print ArXiv is pre-print archive, it covers over 900,000 plus e-prints in Physics, Mathematics, Computer Science, Quantitative Biology, Quantitative Finance and Statistics. ArXiv is managed by Cornell University Library. To access this Archives please [Click here](#)

Chemical Sciences Repository

Chemical Sciences Repository is a non-commercial subject specific Open Access repository for chemistry papers, hosting Green and Gold Open Access (OA) papers and linking back to the Publisher's Article of Record. It is managed by Royal Society of Chemistry. To access this Archives please [Click here](#)

Cogprints

CogPrints is an archive for self-archive papers in any area of Psychology, Neuroscience, and Linguistics, and many areas of Computer Science, Philosophy, Biology, Medicine, Anthropology as well as any other portions of the physical, social and mathematical sciences that are pertinent to the study of cognition. It is managed by the School of Electronics and Computer Sciences, University of Southampton. To access this Archives please [Click here](#)

Cryptology ePrint Archive

The Cryptology ePrint Archive is an electronic archive of new results in the field of cryptography, maintained by the International Association for Cryptologic Research. It contains articles covering many of the most recent advances in cryptography. To access this Archives please [Click here](#)

E-Print Network

E-Print Network is e-print initiated by Science Accelerator. It includes preprints, reprints, technical reports, conference publications or other means of electronic communication. To access this Archives please [Click here](#)

Educational Resources Information Center

The Education Resources Information Center (ERIC) is an electronic archive of education research and information. ERIC is sponsored by the Institute of Education Sciences of the United States Department of Education. To access this Archives please [Click here](#)

hprint

hprints is an archive for electronic preprints of papers in the fields of Arts, Humanities and Social Sciences. It is a collaboration between Centre National de la Recherche Scientifique (CNRS) and a consortium of Nordic university libraries. . To access this Archives please [Click here](#)

[IOP eprintweb.org](http://IOP.eprintweb.org)

eprintweb.org is an e-print service in the fields of physics, mathematics, non-linear science, computer science, and quantitative biology, and consists of e-print records which can be browsed and searched. It offers enhanced features in navigation, searching, personalization and presentation. It also introduces reference linking across the entire content, and enhanced searching on all key fields, including institutional address. To access this Archives please [Click here](#)

[Mathematical Physics Preprint Archive](#)

An electronic archive for research papers in Mathematical Physics and related areas. It is hosted by Mathematics Department, University of Texas at Austin. To access this Archives please [Click here](#)

[Organic eprints](#)

Organic Eprints is an international open access archive for papers and projects related to research in organic food and farming. It jointly supported by International Centre for Research in Organic Food Systems, Geschäftsstelle Bundesprogramm Ökologischer Landbau in der Bundesanstalt für Landwirtschaft und Ernährung and Research Institute of Organic Agriculture. . To access this Archives please [Click here](#)

[PhilSci-Archive](#)

PhilSci-Archive is an electronic archive for preprints in the subject area of “philosophy of science”. The said archive is managed by University of Pittsburgh. To access this Archives please [Click here](#)

[RePEc \(Research Papers in Economics\)](#)

RePEc (Research Papers in Economics) is a collaborative effort of volunteers in Economics and related sciences. It covers over 1,600 archives from 80 countries have contributed about 1.4 million research pieces from 1,800 journals and 3,800 working paper series. To access this Archives please [Click here](#)

[Social Science Research Network \(SSRN\)](#)

The Social Science Research Network (SSRN) is an open access repository of scholarly research in the social sciences and humanities. SSRN is composed of a number of specialized research networks including Economics, Financial Economics and Legal Scholarship. The SSRN contains abstracts for scholarly articles, working papers and forthcoming papers, as well as over 390,000 downloadable full-text documents. To access this Archives please [Click here](#)

[Solar Physics E-Print Archive](#)

The Solar Physics E-Print Archive is an on-line, searchable archive of links to on-line preprints and unpublished work of broad interest to researchers in solar and

heliospheric physics. It is managed by Solar Physics Group at Montana State University. To access this Archives please [Click here](#)

viXra

ViXra.org is an alternative e-print archive to the arXiv.org. It contains over 6000 plus e-prints in Science and Mathematics. To access this Archives please [Click here](#)

3. 3. WRITEFUL is Writing tool.

It uses the latest Artificial Intelligence techniques to give language feedback on scientific texts. It has been developed especially for students and researchers, and its feedback is tailored to academic writing. Using Writefull enables students and research staff to have more confidence in their writing and to make fewer errors, increasing their productivity and fostering academic success.

To Access to “Writefull for Word”, “Writefull for Overleaf” , “ Writefull Revise” , and “ Writefull Cite”

The download links to Writefull for Word and for Overleaf can be found on our website:

For Word: <https://www.writefull.com/writefull-for-word>

For Overleaf: <https://www.writefull.com/writefull-for-overleaf>

This is our institution-specific Writefull Revise link:

<https://revise-iisermohali-ac-in.writefull.ai>

This is our institution-specific Writefull Cite link: <https://cite-iisermohali-ac-in.writefull.ai>

Having downloaded the app(s), students and staff can create a Writefull account from within the app of their choosing. It is important that they use their institutional email address.

4. Overleaf, Online LaTeX Editor :

Overleaf is a collaborative cloud-based LaTeX editor used for writing, editing and publishing scientific documents. It partners with a wide range of scientific publishers to provide official journal LaTeX templates, and direct submission links

Premium Features Guide Your Overleaf subscription grants access to many premium features. Learn how to make the most of your premium features in this helpful guide.

Overleaf Learn Wiki We've updated our learn wiki for users to reference help articles, step-by-step guides and more.

Overleaf Tutorials Resources to help you learn LaTeX, including various tutorials, websites and articles.

Keyboard Shortcuts & Commands: Digital versions of the Overleaf Keyboard Shortcuts and Quick Guide to LaTeX for quick reference.

Free Webinar Series We're hosting live webinars with Q&A or you can view pre-recorded webinars at your convenience. The levels and topics vary, and you can find registration information for upcoming webinars along with recorded versions for play-on-demand.

4. 5. MyLOFT (My Library at Finger Tips) :

MyLOFT is a library App works which gives access to IISER Mohali Community when they are out of campus (Off Campus) to the subscribed e-Journals, e-Books , e-Newspaper Portal and Databases of IISER Mohali. However library online catalogue, library website and IRINS are also linked with this App. So you will get all sources /services on one platform. Since library has limited number of “Logins” under subscription, library allots the access to the users as per policy defined by Committee.

For creating an account for you, may write to “ visakhi@iisermohali.ac.in” through your official email id. Once the account has been created for you, you will get an automatic "Welcome mail from "MyLOFT".

So click on the link Provided in the body of mail within 90 hours and set up a password. In case you did not get the link active to set up Password, then click on " Compose in HTML" button on email body/your email boxes, there you will get.

3. MathSciNet :

It is the product of American Mathematical Society, Provides web access to the bibliographic data and reviews of mathematical research literature contained in the Mathematical Reviews Database. It Covers world's mathematical literature since 1940. The MathSciNet has signed reviews, powerful search functionality, and timely updates. It fosters the navigation of

mathematics literature by providing links to original articles and other original documents, when available, and by encouraging links from journal article references to MathSciNet.

5. Journal of Visualized Experiments (JoVE) : Unlimited

JoVE, the Journal of Visualized Experiments, is the world's first peer reviewed scientific video journal, established in 2006. JoVE is devoted to publishing scientific research in a visual format to help researchers overcome two of the biggest challenges facing the scientific research community today.

JoVE Unlimited have access to :

- JoVE Research

19,000 videos demonstrating novel and gold-standard research methods.

Includes JoVE Journal and JoVE Encyclopaedia of Experiments.

Helps visualize details of experiments that are difficult to capture using text

Helps reduce lab training costs, improve research productivity and reproducibility

- JoVE Education

Content for learners at all levels – from first-year to graduate students

Includes JoVE Science Education, JoVE Core, and JoVE Lab Manual.

Key concepts and methods explained using animated lessons and experiments

Subtitles in 10+ languages on most videos; helps boost engagement with complex topics

JoVE Research Content:

Behavior

Biochemistry

Bioengineering

Biology

Cancer Research

Chemistry

Developmental Biology

Engineering

Environment

Genetics

Immunology & Infection

Medicine

Neuroscience

Encyclopedia of Experiment

Biology

Cancer Research

Biological Techniques

Immunology

Jove Education Content.

JoVE Core

JoVE Science Education

JoVE Lab Manual

JoVE Video Textbook

Can be Embedded in your LMS (learning management system)-Blackboard, Moodle, Canvas, Brightspace, Sakai, Google Classroom, Zoom, Microsoft Teams, Sway, PowerPoint, Ultra Blackboard

IV. Nodal Centre of IISER Mohali for Projects under Ministry of Education , Govt of India

1. IRINS (Indian Research Information Network System) :

IRINS is web-based Research Information Management (RIM) service developed by the Information and Library Network (INFLIBNET) Centre. The portal facilitates the academic, R&D organisations and faculty members, scientists to collect, curate and showcase the scholarly communication activities and provide an opportunity to create the scholarly network. The IRINS is available as free software-as-service to the academic and R&D organisations in India. It has integrated with academic identity such as ORCID ID, ScopusID, Research ID, Microsoft Academic ID, Google Scholar ID for ingesting the scholarly publication from various sources

2. Shodhganga :

A reservoir of Indian theses @ INFLIBNET : (Sanskrit: Shodh, transl. research and discovery; Ganga, the river) is a digital repository of theses and dissertations submitted to universities / HEIs in India. By 2022, as many as 544 universities in India have signed MoUs with the INFLIBNET Centre to participate in the Shodhganga project. The full text of all the documents submitted to Shodhganga are available to read and to download in open access to the academic community worldwide. The repository has a collection of over 300,000 theses and 8000 synopses. The Shodhganga repository was created consequent on the University Grants Commission making it mandatory through regulations issued in June 2009 for all universities to submit soft copies of PhD theses and MPhil dissertations to the UGC for hosting in the INFLIBNET.

3. ShodhShuddhi :

Under the ShodhShuddhi initiative, the Ministry of Education , provided access to “DrillBit” , a web-based plagiarism detection software system to all Universities and Institutions across the country . This initiative was officially inaugurated by the Former Minister of Education (formerly MHRD) on September 21, 2019, and it continued till date through the INFLIBNET Centre to Higher Education Institutions (HEIs) for similarity checking of PhD thesis submitted to the Shodhganga.

4. National Digital Library of India (NDLI) :

National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. NDLI is designed to hold content of any language and provides interface support for 10 most widely used Indian languages. It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices and differently-abled learners It is Repository of contents from multiple subject domains like Technology, Science, Humanities, Agriculture and others. Repository integrates contents from different Indian Institutional Repositories such as:

Other links for e-Resources :

NPTEL : MHRD sponsored project that hosts 10,000+ video lectures in engineering domain.

DLI :More than 5,00,000 global classical books

Inflibnet :Hosts 38,000+ thesis and synopsis reports authored by Indian Researchers from different institutes

KrishiKosh : More than 50,000 agricultural books, journals, articles and reports

NCERT : Hindi and English books of different subjects for students from primary to 12th standard

SNLTR : Digitization of literary works by Rabindranath Tagore

and so on. Library members have to register with Institute email id as bonafide members of NDL and each member has to login initially once to confirm the details of the same.

V. e-Book Databases : (Through eSS / NDL) :

1. World e-Book library (through NDL):

The World Public Library Association is the world's largest aggregator of eBooks. Founded in 1996, the World Public Library Association is a global coordinated effort to preserve and disseminate historical books, Classic works of literature, serials, bibliographies, dictionaries, encyclopaedias, and other heritage works in a number of languages and Countries around the world.

As a member of the World Public Library, you will be able to access all +3,000,000 digital eBooks to read online or download and save for later. All of the eBooks are portable PDF file formatted, and all Audio eBooks are portable MP3 file formatted. These formats have been specially designed to be cross platform compatible with all PCs, Laptops, PDAs, Kindle DX, Kindle 3 iPad/iPods, eReaders, or Smartphones. Pl click below links for accessing :

2. South Asia Archive :

The South Asia Archive is an extensive resource for students and scholars across the humanities and social sciences. The historical documents within the Archive are truly interdisciplinary, reflecting the varied range of knowledge production in colonial and early post-colonial India and the wider sub-continent. Comprising material sourced from collectors and archivists by the South Asia Research Foundation, this Archive brings together a wealth of important and unique primary and secondary content

VI. Full Text e- Journals Databases

1. ACS Web Edition + Legacy Archives :

ACS will be the world's most trusted source of the comprehensive knowledge needed to cultivate the chemists of tomorrow. The Publications Division of the American Chemical Society provides the worldwide scientific community with a comprehensive collection of the most cited peer-reviewed journals in the chemical and related sciences. In addition to 50 research journals, the society also publishes the premier weekly newsmagazine of the chemical enterprise, Chemical & Engineering News. With the ACS Journal Archives, ACS Publications provides searchable access to over 130 years of original research in chemistry. The ACS Legacy Archives provides full-text searching and instant access to all titles, volumes, issues, and articles published by the ACS from 1879 to 1995. Institute has access to Legacy Archives and also ACS Web Edition

2. American Geophysical Union (AGU) :

AGU is non-profit organization of Earth, atmospheric, ocean, hydrologic, space, and planetary scientists and enthusiasts .AGU's activities are focused on the organization and dissemination of scientific information in the interdisciplinary and international fields within the Earth and space sciences. The geophysical sciences involve four fundamental areas: atmospheric and ocean sciences; solid-Earth sciences; hydrologic sciences; and space sciences. IISER Mohali has access to Journals from 1896 to 1996.

3. American Institute of Physics (AIP):

The American Institute of Physics is a non-profit membership organization advances, promotes and serves the physical sciences for the benefit of humanity. AIP offers authoritative information, services, and expertise in physics education and student programs, science communication, government relations, career services for science and engineering

professionals, statistical research in physics employment and education, industrial outreach, and the history of physics and allied fields. AIP also publishes the flagship magazine *Physics Today* and is home to the Society of Physics Students and the Niels Bohr Library and Archives. Institute has access to complete package of journals.

4. American Physical Society (APS) :

The American Physical Society (APS) is a non-profit membership organization working to advance and diffuse the knowledge of physics through its outstanding research journals, scientific meetings, and education, outreach, advocacy, and international activities. Institute has access to complete package of journals.

5. American Society for Microbiology (ASM):

The American Society for Microbiology (ASM) is the oldest and largest single life science membership organization in the world. ASM promote and advance the microbial sciences and provides a platform for sharing the latest scientific discoveries through books, journals, meetings and conferences, help to strengthen sustainable health systems around the world. Institute has access to complete package of journals.

6. Annual Reviews :

Annual Reviews is a non-profit organization whose mission is to provide the worldwide scientific community with a useful and intelligent synthesis of the primary research literature for a broad spectrum of scientific disciplines. Since 1932, Annual Reviews has offered comprehensive, timely collections of critical reviews written by leading scientists. Annual Reviews volumes are published each year for 46 focused disciplines within the Biomedical, Life, Physical, and Social Sciences including Economics. Institute has access to complete package of journals.

7. Cell Press :

Cell Press is a leading publisher of cutting-edge biomedical research and reviews. Flagship journal, *Cell*, was launched by Benjamin Lewin in 1974 under the aegis of MIT Press. In 1986, Cell Press became established as an independent publisher and subsequently launched hallmark journals including *Neuron*, *Immunity*, and *Molecular Cell*. Institute has access to complete package of journals.

8. Institute for Studies in Industrial Development (ISID) :

The Institute for Studies in Industrial Development (ISID), successor to the Corporate Studies Group (CSG), is a national-level policy research organization in the public domain and is affiliated to the Indian Council of Social Science Research (ICSSR) Developing on the initial strength of studying India's industrial regulations, ISID has gained varied expertise in the

analysis of the issues thrown up by the changing policy environment. The Institute's research and academic activities are organized under the broad thematic areas such as Industrialization, Corporate Sector, Trade Investment Technology, Public Health, Media Studies, Employment etc., Institute has access to complete package of Social Science journals.

9. JSTOR :

JSTOR is a not for profit service that offers a high-quality, interdisciplinary archive to support scholarship and teaching. It includes archives of more than two thousand three hundred leading academic journals across the humanities, social sciences, and sciences, as well as select monographs and other materials valuable for academic work. The entire corpus is full-text searchable, offers search term highlighting, includes high-quality images, and is interlinked by millions of citations and references. Journals are always included from volume 1, issue 1 and include previous and related titles. The most recently published issues (past 3-5 years) are generally not available. However, beginning in 2011, current issues for more than 150 journals will be available on JSTOR as part of the Current Scholarship Program.

10. Memoirs of the American Mathematical Society :

The Memoirs of the AMS series is devoted to the publication of research in all areas of pure and applied mathematics. The Memoirs is designed particularly to publish long papers or groups of cognate papers in book form, and is under the supervision of the Editorial Committee of the AMS journal Transactions of the AMS. IISER Mohali has to these Memoirs from 1950 to till date.

11. Oxford University Press (OUP):

Oxford University Press is a department of the University of Oxford. It furthers the University's objective of excellence in research, scholarship, and education by publishing worldwide. Institute has access to complete package of journals.

12. Project Muse :

Project Muse premium collection provides full text online access to a comprehensive selection of prestigious humanities and social sciences journals. Journals are heavily indexed and peer-reviewed, with critically acclaimed articles by the most respected scholars in their fields. MUSE is also the sole source of complete, full-text versions of titles from many of the world's leading university presses and scholarly societies. Currently, MUSE provides full-text access to current content from over 454 titles representing nearly 100 not-for-profit publishers.

13. Royal Society of Chemistry (RSC Gold):

RSC is a not-for-profit organisation with a heritage that spans 175 years with International vision to promote education and Research in chemistry and the chemical sciences. Institute has access to complete package of RSC Gold.

14. Science Direct :

Elsevier's ScienceDirect is a extensive and unique full text database covers authoritative titles from the core scientific literature, including high-impact factor titles such as The Lancet, Cell and Tetrahedron. The platform offers sophisticated search and retrieval functionality that enables the user to maximize the effectiveness of their knowledge discovery process. Our library provides access to 1015 online journals under four basic science subjects i.e Biochemistry,(1088) Mathematics (101), Physics (113), Chemistry (113) through Science Direct.

15. The Royal Society, London :

The Royal Society is a Fellowship of many of the world's most eminent scientists and is the oldest scientific academy in continuous existence. It recognise, promote, and support excellence in science and to encourage the development and use of science for the benefit of humanity. The Society has played a part in some of the most fundamental, significant, and life-changing discoveries in scientific history and Royal Society scientists continue to make outstanding contributions to science in many research areas. Institute has access to complete package of journals.

16. Taylor & Francis:

Taylor & Francis Group is an international company originating in the United Kingdom that publishes books and academic journals. It is a division of Informa , a United Kingdom-based publisher. IISER Mohali has access to 500+ Journals from Science and Humanities.

17. Wiley :

Wiley is the international scientific, technical, medical, and scholarly publishing business of John Wiley & Sons, with strengths in every major academic and professional field and partnerships with many of the world's leading societies. Wiley Online Library hosts the world's broadest and deepest multidisciplinary collection of online resources covering life, health and physical sciences, social science, and the humanities. The Institute has subscription to customized package of 140 Journals from various disciplines of basic sciences.
