Title:	Hyperfine transition of Helium-3 as a probe of the high redshift universe
Authors:	Bagla, J.S. (/jspui/browse?type=author&value=Bagla%2C+J.S.)
Keywords:	Hyperfine transition Helium-3
Issue Date:	2011
Publisher:	Proceedings of the 29th Meeting of the Astronomical Society of India
Citation:	Proceedings of the 29th Meeting of the Astronomical Society of India, held 23-25 February, 2011. ASI Conference Series, Vol. 3, p. 140
Abstract:	I will describe salient properties of the hyperfine transition of singly ionised Helium-3. I will discuss results of simulation and analytical studies to make a case for use of this transition as a probe of the high redshift universe.
