Title:	Correction: Room temperature discotic liquid crystalline triphenylene-pentaalkynylbenzene dyads as an emitter in blue OLEDs and their charge transfer complexes with ambipolar charge transport behaviour
Authors:	Bala, I. (/jspui/browse?type=author&value=Bala%2C+I.) De, J. (/jspui/browse?type=author&value=De%2C+J.) Pal, S.K. (/jspui/browse?type=author&value=Pal%2C+S.K.)
Keywords:	Room temperature OLEDs Liquid crystalline
Issue Date:	2020
Publisher:	Royal Society of Chemistry
Citation:	Journal of Materials Chemistry C 8(10), pp. 3603-3604
Abstract:	After publication, the authors found two small errors in images provided in Fig. 13e (inset) and Fig. 14e (inset) in the main paper. These errors occurred inadvertently while assembling the images for the manuscript. The corrected images are shown below (Fig. 13e (inset) is the left image; Fig. 14e (inset) is the right image): An updated graphical abstract image is also provide here: Two additional errors were also found in the Electronic Supplementary Information (ESI) Fig. S21a, f and Fig. S23d, e. The corrected ESI file has now been made available online. The authors note that these corrections have no effect on the results reported, nor do these changes/corrections alter any of the contents and conclusions of the paper. The authors sincerely apologize for these inadvertent errors. The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
Description:	Only IISERM authors are available in the record.
