Title:	Exterior and symmetric (co)homology of groups
Authors:	Singh, Mahender (/jspui/browse?type=author&value=Singh%2C+Mahender)
Keywords:	Classical cohomology classical homology corestriction map exterior cohomology
Issue Date:	2020
Publisher:	World Scientific Publishing Company.
Citation:	International Journal of Algebra and Computation, 30(8)
Abstract:	The paper investigates exterior and symmetric (co)homologies of groups. We introduce symmetric homology of groups and compute exterior and symmetric (co)homologies of some finite groups. We also compare the classical, exterior and symmetric (co)homologies. Finally, we derive restriction and corestriction homomorphisms for exterior cohomology
